CASTELLON

Castellon is situated in the north of the province of Valencia at the Mediterranean Coast, with a population of 177.924. Its moderate size allows to offer its tourists a relaxed and untrubled lifestyle, but at the same time modern and with an enviable cultural and touristic offer. Castellon, possesses fine and sandy beaches, wild and beautiful bays, where you can take a sunbath, do sports, have excellent "paella" and meet other students.
